

St. Andrew's Autism Centre (SAAC) is an integrated centre for the education, training, and care of persons with autism and their families.

We operate a special school for children and youths diagnosed with autism from seven to 18 years old, and a Day Activity Centre (DAC) for the adults aged 19 years and beyond with moderate to severe autism.

In 2015, the Ministry of Social and Family Development appointed SAAC to co-develop and operate a home for adults with autism. Located at Compassvale Bow, St. Andrew's Adult Home (Sengkang) [SAAH (Sengkang)] will ready by end 2018. It will be Singapore's first residential facility designed and built to meet the needs of adults with autism.

We invite interested and qualified persons to join us to meet the physical, social, emotional and spiritual needs of our students, adult clients and residents; to provide behavioural support, life skills training, family support and public education.

SAAC and SAAH (Sengkang) seek to enable people with autism to lead dignified and meaningful lives.

CONTRACT CLASS AIDE ST. ANDREW'S AUTISM SCHOOL
